Profile

Results-driven Salesforce Developer with 3.2 years of hands-on experience in configuring and developing Salesforce applications. Skilled in Apex, Flows, SOQL, and Salesforce administration, with a strong focus on delivering scalable solutions, optimizing system performance, and supporting business users in Agile environments.

Skills

- Salesforce Administration
- Apex Classes and Triggers
- Sales Cloud and Service Cloud
- SOQL
- Lightning Web Components (LWC) - Basics
- Flows and Process Automation
- Profiles, Permission Sets, Roles, and Sharing Rules
- Custom Objects, Validation Rules, and Custom Metadata

Salesforce Developer / Administrator

March 2023 - Present | Hyderabad

Professional Experience

COGNIZANT

- Designed and configured custom objects, fields, validation rules, flows, approval processes, and Apex triggers to automate business requirements and improve user experience.
- Developed and maintained Process Builder workflows, page layouts, record types, custom settings, and custom metadata to support business needs.
- Resolved Salesforce application and integration issues through debugging, Apex optimization, and performance improvements.
- Administered Salesforce security, including profiles, roles, permission sets, public groups, validation rules, and sharing rules, while providing post-production support.
- Provided end-user support by resolving technical and functional issues, gathering enhancement requests, and ensuring timely troubleshooting.
- Conducted knowledge transfer sessions for external teams on implementation strategies, functional process flows, and best practices.
- Collaborated with business users in Agile and Scrum meetings to gather requirements, define data plans, and align technical solutions with business goals.
- Participated in requirement gathering, user story writing, solution design, development, documentation, and end-user training.
- Performed AS-IS testing and impact analysis before implementing new user stories to avoid disrupting existing system functionality.

Education

GITAM (Deemed to be University), Visakhapatnam | 2018 - 2022

Bachelor of Technology
